## PROLOGUE – Gadget Skull Mountain

A long time ago, in an ocean far, far away...

There is a swashbuckling, top-secret race between two old enemies.

Spies vs Pirates.

Ahoy, there mateys!

Ssshhh, this is top secret.

The story so far...

The quest for the magic map.

It's reaaaaaaally magic.

Like it glows in the dark and everything.

And it leads to the treasure of Doctor Blueberrybeard.

The first and last half spy half pirate to have ever walked the earth.

The magic map is balanced at the top of Gadget Skull Mountain.

A giant exploding volcano.

The pirate's leader, Captain Connell, and the spy's leader, Agent James Blonde, lead the way.

The pirates surf the boiling lava.

The spies jetpack up the smoking rocks.

James Blonde and Captain Connell meet at the top.

Their fingertips touch the map.

At the exact same time.

So, they pull.

And they push.

They heave.

And they ho.

Until...

R.I.P.

They died?

No. Rip. Like it rips. Rips in two.

Ahhhhh, I see.

Right down the middle.

Straight through where the X marks the spot.

Little clouds of magic dust falling through the air.

And the spies and pirates go tumbling down the mountain.

Each side with one half of the magic map.

Fire everywhere.

All around them.

The race is on.

The game is afoot.

Now the spies are flying their helicopter as fast as they can through the clouds.

Now the pirates are sailing their ship as fast as they can over the waves.

Faster.

Faster.

Faster!

For the first time, they've discovered where Doctor Blueberrybeard's treasure is buried.

And they don't like it.

I don't like it.

You won't like it.

The F-F-F-F-F-F... FORBIDDEN ISLAND.

No one has dared go to the Forbidden Island in hundreds of years.

All the myths and legends say it is Dangerous.

Cursed.

Evil.

And guess what, agents?

Yo ho ho me crewmates!

It is exactly here, right now, on the high seas and in the clouds where our tale begins...

## SCENE ONE – The Jolly Dodger

The Jolly Dodger is sailing across the high seas.

Travelling at what feels like a million knots an hour.

But avast ye...

Trouble is brewing...

*Pirates sing their chant to the tune of 'Belle of Belfast City'*

*We are the pirates, 1, 2, 3,  
A yo-ho-ho and a wee, hee, hee,  
We sail our ships on the seven seas  
For bounties, booty and new shanties*

*Cutlass and Compass ready to go  
Sail the Jolly Dodger with a big heave-ho  
Cutlass and Compass ready to go

Captain Connell      Listen up crewmates! One-Eyed Wilma, Officer Barnacle, Cabin Kid, the lot of ye. Gather round! I've just been up to the Crow's Nest. Forbidden Island is on the horizon.

One-Eyed Wilma      Avast ye right there, Captain. We're not mates anymore. Unfortunately, this is where your journey ends.

Captain Connell      Mutiny?

One-Eyed Wilma      Mutiny is right.

Captain Connell      You bunch of scallywags! I thought you were me hearties? My friends?

One-Eyed Wilma      You don't have any hearties.

Barnacle                    And you certainly don't have any friends.

Cabin Kid                    I'm your friend, Captain!

Barnacle                    Haud yer wheesht and scrub the deck ye scurvy Cabin Kid.

Cabin Kid                    Ok Officer Barnacle! Sorry Officer Barnacle.

Captain Connell            You always were the meanest and baddest officer on the seven seas, Barnacle. But I'm still your Captain! I found the magic map, and I'm taking you to Forbidden Island. To find Doctor Blueberrybeard's treasure. Question! What creatures we will meet along the way?

Pirate                        Captain Connell, always asking big silly questions that lead us to trouble.

Captain Connell            What's wrong with that?

Pirate                        Remember that time you asked what it would be like if we all ate deep fried kraken for dinner?

Pirates                      WE WERE SICK FOR WEEKS.

Pirate                        Or the time you asked if the Phantom Forest would be good for our summer holidays?

Pirates                      THE SHIP BECAME HAUNTED!

Pirate                        Or when you asked if it was possible to sail off the end of the earth?

Pirates                      THERE WAS NO END!

Captain Connell            Fine, I'll stop asking questions if it bothers you that much!

Cabin Kid                    But your questions always lead to the best adventures Captain Connell!

Barnacle                    Haud yer wheest! And away and clean my boots Cabin Kid.

Cabin Kid                    Ok Officer Barnacle! Sorry Officer Barnacle.

One-Eyed Wilma            Your time is up Connell. Your curiosity will lead us to Davy Jones' Locker.

Pirate                        Walk the plank.

Ya scurvy ridden maggot.

Into the briney deep with them!

Captain Connell            Shiver me timbers. Please give me one last chance. You're all I've got since my dad left!

Barnacle                    You ain't gonna hornswoggle your way out of this one with your sob stories.

One-Eyed Wilma            Your curiosity has cost us for the last time.

Captain Connell            But I'm not curious.

Pirate                        Yes you are, ya rascalion..

Captain Connell            Am not.

Pirate                        Yes you are.

Captain Connell            Oh no I'm not.

Pirate                        Oh yes you are.

Captain Connell            Wait a minute this isn't a pantomime.

One-Eyed Wilma            You're the most good for nothing pirate on these seven seas. I'm the Captain now! Captain One-Eyed Wilma. Has a ring to it, don't you think? Well it's the last thing you'll ever hear, Connell. It's time to feed the fish and walk the plank.

*Blackout.*
